

THE 2008 VINTAGE: It is no lie that 2007 was a stellar vintage and sometimes it is hard to size up to such a great vintage when the new one comes. This is certainly not the case for 2008! Not only did 2008 size up to its predecessor, but it turned out to be quite the taster out of the gates. Do not mistaken its candor demeanor and its approachability for kindness, for this wine is certainly not for the faint of heart. Drink now and get tremendous enjoyment or save till 2022 (did we just say that) and savor it then...

THE WINE: There is no mistaking that this wine is 100% Cabernet Sauvignon from Napa Valley. Bittersweet chocolate, hazelnut, vanilla, dark fruit and dusty notes allure your olfactory system. On the palate you will get a silky richness with well-integrated tannins to follow. Well-balanced and opulent, this wine is deserving of a big chunk of Manchego cheese, Gouda or Cheddar!
