OUR STORY

The Guadagni family have produced some of Italy's finest wines since the thirteenth century. Since 1933, we have brought our winemaking passion and extensive contacts to the production of US wines, leveraging more prestigious varietals from single source vineyards throughout the great wine regions of the US, producing higher end wines which over deliver for the price point. As fun as the Colorado mountains and as satisfying to experience, Black Diamond wines showcase American winemaking at its finest!!
