

CHÂTEAU TEYNAC 2016

SAINT-JULIEN

Area

11 ha

Age of vines

40 years

History of the estate

Château Teynac is located on the plateau of Saint Julien between Ducru Beaucaillou and Gruaud Larose. 90% of the total Saint Julien area is devoted to produce classified growth. In the St Julien appellation, Chateau Teynac is very rare due to its small size. Some parcels of the estate had been classified and were actually part of well-known chateaux before becoming part of the vineyards of Ch. Teynac. Today, the young technical team and the modern facilities help the Pairault family to produce great wines. The label says 'Prior inter pares': a very true statement.

Vinification

In stainless steel and concrete vats under temperature control.

Ageing

12 to 14 months in French barrels (30% in new barrels).

Blending

70% Cabernet-sauvignon
28% Merlot
2% Petit verdot

Tasting note

Intense colour. A nice nose of ripe fruit, a beautiful fresh with floral notes. The nose is slightly spicy with aromas of cherry pit. This wine is characterized by the fruit and freshness. The mouth has structured tannins but it is smooth and silky. Long and rich with expressive fruit on the finish.

James Suckling

92-93
